## Learning Ways to Value Adversity with Gaelin Elmore Webinar Announcement

### About this Webinar

In honor of Child Abuse Prevention Month join us to learn from former foster youth, Gaelin Elmore who will show participants ways that adversity may be valued and responded to. Many foster parents see the value in showing up for those in the system. Because of how we are designed as humans, the very nature of being placed in foster care means that there is serious adversity present in their lives. In this workshop, we will discuss the **"3 V's of Adversity: the different paradigms"**. That includes understanding of the different V's and how to identify them. Mr. Elmore is a former foster youth of more than 10 years and had stories and examples that display the different **V's and** how they were made manifest in his life. **Compassion, Authenticity, Resilience, Empowerment (CARE)** will be discussed and how it may be used by foster parents to better serve youth and promote positive life experiences.

**Training Credit:** 1.5 hour

**Attendees:** Any DCS Staff, Foster Parents and Community Members
